Please provide and summarise below any relevant evidence for your declaration above – this could include for example the results of specific consultations, complaints or compliments, customer satisfaction or other surveys, service monitoring and take-up, comments from stakeholders and demographic data.

Analysis of users under the remit of PCMT has identified positive outcomes for mental health users and patients across the cohort.

Are there any gaps in the evidence you have which make it difficult for you to determine whether there would be an adverse impact?

No Yes

If yes, please state below how you intend to acquire this evidence and your timescales for doing so.

If you have identified a positive or negative potential impact for any equality strand group, which is not legal or justifiable, then you must complete a full Equality Impact Assessment. Please insert below any issues you have identified/recommendations for the full Equality Impact Assessment.

If you have only identified a neutral or positive impact on any equality strand group then no further action is required, other than having your Director sign off this form, a copy stored on the shared drive and sent to Communications for publication on the Trust's website.
